**THE EXTERNALLY FOCUSED QUEST:
BECOMING THE BEST CHURCH FOR THE COMMUNITY**

If your church pulled out of your community, would your community weep?
Would anybody even notice? Would anybody even care?

OCTOBER 20, 2011 FROM 9:00A.M. TO 3:00P.M.

There is a growing awareness by many pastors and Christian leaders that effectiveness is not measured by what happens inside the church but rather by the impact the people in their church are having on their community. These are the externally focused churches. They are churches of all sizes that are internally strong and healthy and have not only built capacity but are releasing their capacity through the ministry and service of every member.

This 6-HOUR SEMINAR is designed for pastors & leaders and will explore:

- Biblical foundations and examples of externally focused ministry
- How ministry and service to others relates to spiritual formation & growth
- How to mobilize the people of your congregation

Participants should come away with:

- A strong Biblical and historical foundation of externally focused ministry
- Practical tools to discern the intersection of the needs of the community and the capacity of your church
- A list of ideas to get started or ways to take your externally focused ministry to the next level.
